SUMMARY

Licensed Electronics Engineer (ECE) and Integrations Engineer with hands-on experience leading proof-of-concept testing, enterprise device deployment, and Apple/MDM integration solutions (Jamf, Hexnode, eSP) for education and enterprise clients. A lifelong learner who has earned 10+ industry certifications across mobile device management and networking, translating that continuous growth into scalable, production-ready IT infrastructure. Combines a strong engineering foundation with a proactive, detail-oriented approach to solving real-world connectivity and integration challenges.

TECHNICAL SKILLS

- **Mobile Device Management:** Apple Business Manager, Apple School Manager, Jamf Pro, Jamf School, Hexnode UEM, eSchoolPad (eSP)
- **Networking & Security:** Familiar with basic networking concepts, TCP/IP, VLAN, STP, DHCP, LAN/WAN, Firewalls, IP Subnetting
- **Network Tools and Infrastructure:** Cisco Packet Tracer, Starlink Installation
- **Programming Languages:** C++, Python, MATLAB
- **Troubleshooting:** Network Troubleshooting, Code Debugging
- **Office Productivity Tools:** Microsoft Word, Excel, PowerPoint, Google Docs, Google Sheets
- **AI Chatbot Development (Large Language Models)**

WORK EXPERIENCE

- **Power Mac Center, Inc.** **April 2026 - Present**
  - ***Position:*** *Integration Engineer*
  - Led proof-of-concept (POC) testing and evaluation across Apple/Enterprise & Education integration platforms (Jamf Pro, Jamf School, Parallels Desktop, eSP, ClassIn LMS), successfully completing POCs for Jamf Pro, Jamf School, Parallels Desktop, and eSP
  - Deployed and configured 241+ Apple devices (iPads, MacBooks, iMacs, Apple TVs) with Jamf School for a higher-education client, ensuring seamless enrollment and device management
  - Authored technical documentation for Apple ID provisioning, Jamf School enrollment, and system architecture, supporting multiple education clients and enabling deployment sustainability
  - Investigated and resolved Apple ID/MDM compatibility issues (Personal vs. Managed Apple ID), improving app deployment workflows for enterprise and education clients
  - Supported large-scale event deployment for a 300+ participant event, including MacBook Neo rollout and Starlink backup connectivity installation and optimization
  - Earned 10+ industry certifications including Jamf (100, 140, 170), Hexnode Professional/Specialist/Mastery, Okta Workforce Identity Cloud Presales Accreditation, and an Apple-led trainer certification.
- **SMS Global Technologies, Inc.** **June 2024 - August 2024**
  - ***Position:*** *Engineering Intern*
  - Assisted in research and preparation of technical presentations and engineering reports.
  - Rotated across functional departments to gain exposure to core engineering and operational workflows.
  - Completed technical trainings and certifications in Fundamentals of AI, Machine Learning and Deep Learning, Google Workspace Essentials, and Basic Linux System Operations/Commands.
  - Configured and updated Raspberry Pi units ensuring all system packages and firmware were current.
  - Supported customer communications by providing accurate technical information and assistance.
  - Joined cross-department meetings to observe project coordination and engineering processes.

PROJECTS

- **SOHO Network Infrastructure Design & Implementation (Simulation) |** ***Personal Project*** **February 2026**
  - Designed and implemented a multi-departmental network using Cisco Packet Tracer which involves IP subnetting, VLAN segmentation, Inter-VLAN routing, DHCP, and Wireless APs across three departmental subnets.
- **PestAway: A Pest Management Chatbot With Integrated Speech Capability (Thesis)** **May 2024 - April 2025**
  TENCON 2025 - 2025 IEEE Region 10 Conference (TENCON)
  - Collaborated with a 5-member team to build an LLM-powered, speech-capable chatbot trained on Philippine pest management standards and curated online datasets to deliver accurate, context-specific recommendations.

CERTIFICATIONS AND BADGES

- **Jamf Security Consultant** - Jamf (2026)
- **Jamf Management Engineer** - Jamf (2026)
- **Jamf Management Consultant** - Jamf (2026)
- **Hexnode Specialist** - Hexnode (2026)
- **Hexnode Professional** - Hexnode (2026)
- **Jamf Certified Associate - Jamf Pro, Protect, School** - Jamf (2026)
- **Junior Cybersecurity Analyst Career Path** - Cisco Networking Academy (2025)
- **Cybersecurity Essentials** - Cisco Networking Academy (2025)
- **Introduction to Cybersecurity** - Cisco Networking Academy (2025)
- **Introduction to Cybersecurity Tools & Cyberattacks V3** - IBM | Coursera (2024)
- **CCNAv7: Switching, Routing, and Wireless Essentials** - Cisco Networking Academy (2024)
- **CCNAv7: Introduction to Networks** - Cisco Networking Academy (2024)

EDUCATIONAL BACKGROUND

University of Santo Tomas **August 2021 - June 2025**
Bachelor of Science in Electronics Engineering (B.S. ECE) Sampaloc, Manila, Philippines

ACHIEVEMENTS

- FUSERS 2025 - Research Colloquium: 1st-Runner Up for Best Video Presentation (Undergraduate Thesis)
- Dean's Lister A.Y. - 2024-2025 (Fourth Year College - Second Semester)
- Dean's Lister A.Y. - 2021-2022 (First Year College - Second Semester)

LICENSES

- Licensed Electronics Engineer **October 2025**
- Licensed Electronics Technician
